#### **Independent Auditors' Report**

The Board of Trustees New Orleans Museum of Art:

#### Report on the Financial Statements

We have audited the accompanying financial statements of the New Orleans Museum of Art (a nonprofit organization) (the Museum), which comprise the statements of financial position as of December 31, 2016 and 2015, the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the New Orleans Museum of Art as of December 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Supplementary Information

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information included on pages 25 through 26 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

Postlothwate + Vetterulle

In accordance with Government Auditing Standards, we have also issued our report dated June 22, 2017 on our consideration of the Museum's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Museum's internal control over financial reporting and compliance.

Notes to Financial Statements

December 31, 2016 and 2015

### (1) Summary of Significant Accounting Policies

#### (a) History and Organization

The New Orleans Museum of Art (the Museum) opened in 1911 and has become an iconic presence synonymous with the City of New Orleans. The Museum is a cultural convener and destination in the South and is recognized internationally for an excellent collection, innovative education initiatives, a strong commitment to diverse audiences, and a renowned sculpture garden. The Museum is organized as a private, nonprofit corporation, chartered in the State of Louisiana and granted 501(c)(3) status by the Internal Revenue Service. It is governed by a 43-member Board of Trustees, serving staggered three-year terms. The Museum is affiliated with the City of New Orleans with an unattached board. The building occupied by the Museum is owned by the City of New Orleans, and the Museum has had full use of the facility at no charge since 1911. All works of art are owned by the aforementioned nonprofit corporation, the New Orleans Museum of Art. The art collection is maintained for public exhibition, education, and research in furtherance of public service rather than for financial gain.

#### (b) Financial Statement Presentation

The financial statements of the Museum are presented on the accrual basis of accounting. Net assets, support and revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Museum and changes therein are classified and reported as follows:

- Unrestricted net assets Net assets that are not subject to donor-imposed stipulations.
- Temporarily restricted net assets Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Museum and/or the passage of time.
- Permanently restricted net assets Net assets subject to donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled and removed by actions of the Museum pursuant to those stipulations.

#### (c) Promises to Give

Contributions are recognized when the donor makes a promise to give to the Museum that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily restricted net assets. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. The Museum provides for an allowance for uncollectible unconditional promises receivable when necessary based on prior years' experience and management's analysis of specific promises made. Promises to give that are expected to be collected in future years are considered long-term and are recorded at the present value of estimated future cash flows.

December 31, 2016 and 2015

### (1) Summary of Significant Accounting Policies (continued)

#### (d) Building Improvements and Equipment

Building improvements and equipment are recorded at cost if purchased or fair value if donated. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis. Maintenance and repairs are expensed as incurred, and major improvements are capitalized. When items of equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the statement of income. Impairment of long-lived assets is tested whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flow from such asset is separately identifiable and is less than its carrying value.

In that event, a loss is recognized based on the amount by which the carrying value exceeds the fair market value of the long-lived asset. Fair market value is determined primarily using appraisals. Losses on long-lived assets to be disposed of are determined in a similar manner, except that fair market values are reduced for the cost to dispose. There were no impairments of long-lived assets recorded by management during the years ended December 31, 2016 and 2015.

#### (e) Vacation and Sick Pay

Museum's vacation pay (annual leave) and sick pay (sick leave) are accrued when earned. The Museum's policy permits employees a limited amount of earned but unused vacation which will be paid to employees upon separation from the Museum. The amount of annual leave shall not exceed twenty-five (25) days for employees. Five (5) days of sick leave is accrued at the beginning of the year and employees may accumulate up to thirty (30) days. There is no payout of sick leave available to employees upon separation from the Museum.

#### (f) Investments

Investments, consisting of common stocks, non-traditional investments, corporate bonds, and U.S. government and agency issues, are recorded at fair value. Unrealized gains and losses on investments in equity securities with readily determinable fair values and all investments in debt securities are recorded in the statement of activities as increases or decreases in unrestricted net assets unless their use is temporarily or permanently restricted by explicit donor stipulations or law. Dividend, interest, and other investment income are recorded as increases in unrestricted net assets unless the use is restricted by the donor. Donated investments are recorded at fair market value at the date of receipt. Investments consisting of real property contributed to the Museum are recorded at fair value at the date of the donation.

Realized gains and losses, and declines in value judged to be other than temporary, are included in net appreciation (depreciation) of investments. Realized gains and losses on the sales of securities are determined using the specific-identification method. A decline in the fair value of investments below cost that is deemed to be other than temporary results in a charge to change in net assets and the establishment of a new cost basis for the investment.

#### (1) Summary of Significant Accounting Policies (continued)

#### (g) Inventory

The Museum's shop inventory is valued at the lower of cost or market. Cost is determined by the first-in, first-out method.

#### (h) Income Taxes

The Museum is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state income taxes under Section 121(5) of Title 47 of the Louisiana Revised Statutes of 1950.

The Museum applies a "more-likely-than-not" recognition threshold for all tax uncertainties. This approach only allows the recognition of those tax benefits that have a greater than 50% likelihood of being sustained upon examination by the taxing authorities. As a result of implementing this approach, the Museum has reviewed its tax positions and determined there were no outstanding or retroactive tax positions with less than a 50% likelihood of being sustained upon examination by the taxing authorities.

#### (i) Restricted Net Assets

The Museum reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the statements of activities as net assets released from restrictions.

Gifts of long-lived operating assets such as land, buildings, or equipment are reported as unrestricted support, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long these long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

#### (j) Use of Estimates

Management of the Museum has made estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the useful lives of fixed assets, the valuation of fixed assets, and investments. The current economic environment has increased the degree of uncertainty inherent in those estimates and assumptions.

# (2) Investments (continued)

The following schedule summarizes the investment return and its classification in the statement of activities for the years ended December 31:

|   | 2016            | 2015            |
|---|-----------------|-----------------|
| Dividends and interest                            | \$<br>382,095   | \$<br>264,403   |
|   |                 |                 |
| Net realized and unrealized gains, net of losses: |                 |                 |
| Realized  | 6,770,737       | 4,035,216       |
| Unrealized  | (2,443,897)     | (4,485,987)     |
|   | 4,326,840       | (450,771)       |
| Total return on investments                       | \$<br>4,708,935 | \$<br>(186,368) |

Dividends, interest, and unrealized and realized gains on permanently restricted investments are reflected in the related unrestricted or temporarily restricted net assets. If the permanent and the temporarily restricted funds do not have sufficient net assets to fund investment losses, appropriate transfers from the unrestricted net assets are made to the funds.

#### Notes to Financial Statements

December 31, 2016 and 2015

#### (4) Promises to Give

Promises to give are dedicated by the donors for the Museum's Endowments, Sculpture Garden, or other operating purposes and represent a promise by the donors to pay after the balance sheet date.

Scheduled payments were \$3,933,437 at December 31, 2016, due in installments of \$1,500,104 in fiscal year 2017, \$1,408,333 in fiscal year 2018, and \$1,025,000 in fiscal year 2019. Scheduled payments were \$350,278 at December 31, 2015, due in installments of \$150,278 in fiscal year 2016, \$150,000 in fiscal year from 2017, and \$50,000 in fiscal year 2018.

#### (5) Art Collection

In conformity with the practice followed by many museums, art purchased and donated is not capitalized. During 2016 and 2015, the cost of collection items purchased by the Museum as a decrease in the appropriate class of net assets was \$2,441,803 and \$751,101, respectively. When not on display in the permanent collection galleries, the objects are maintained in climate controlled storage. The Museum maintains policies and procedures addressing the maintenance and conservation of the collection, as well as other aspects of its management, including accession/deaccession policies.

The Museum employs a professional curatorial staff whose function is to care for its collections; carry out research on the objects in the collection; organize special exhibitions on particular subjects or themes; write scholarly interpretative articles, catalogues, and books on art subjects; recommend and oversee needed restoration and conservation treatment on objects in the collection; cultivate and advise private art collectors and encourage donations; seek out and recommend objects for acquisition or deaccession by the Museum; train volunteer docents to give guided tours of the Museum; devise and implement educational programs such as lectures, symposiums, films, concerts, family festivals on specific themes, studio art classes, and other outreach methods; family and teacher workshops for designated public schools.

#### (6) Net Assets Released

Temporarily restricted net assets released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by donors during December 31 and transfers are as follows:

|                         | <br>2016        |    | 2015      |

Notes to Financial Statements

December 31, 2016 and 2015

#### (7) Net Assets Composition

Board-designated, functioning as endowments, unrestricted net assets are designated to support operations and totaled \$12,130,932 and \$10,784,710 as of December 31, 2016 and 2015, respectively.

Temporarily restricted net assets are donor-restricted for the following purposes:

#### (8) Pension Plan

The Museum sponsors a defined contribution 401(k) Profit Sharing Plan for the benefit of its employees. Employees, who are at least age 21, may contribute to the plan after 6 months of service and at least 500 hours. In order to receive matching and employer contributions, employees, who are at least age 21, must work 12 months and 1000 hours. Employees covered under the CNO Service Retirement Plan are not eligible. The Museum makes a 5% contribution to eligible employees and a matching contribution up to 3% of eligible participating employees' wages annually, amounting to \$118,982 and \$130,002 in profit sharing contributions and \$51,665 and \$56,098 in employer match contributions for the years ended December 31, 2016 and 2015, respectively.

Notes to Financial Statements

December 31, 2016 and 2015

#### (8) Pension Plan (continued)

Civil service employees of the Museum are eligible for membership in the City of New Orleans Employees' Retirement System. The report on the City of New Orleans Employees' Retirement System can be obtained from the City of New Orleans, Perdido Street, New Orleans, Louisiana. The actuarially computed value of vested benefits of the Museum's employees in the City's pension plan is not available. However, pension payments for these employees are the responsibility of the Museum and amounted to \$25,363 and \$34,968 for the years ended December 31, 2016 and 2015, respectively.

#### (9) Expenses

Expenses by natural classification and function have been incurred for the following for the years ended December 31:

|                               | 2016             |    | 2015      |

|                               | \$<br>10,140,214 | \$ | 8,849,544 |

#### (10) Commitments

The Museum participated in a number of state and federally-assisted grant programs in fiscal year 2016. The programs are subject to compliance audits. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. The Museum believes that the amount of disallowances, if any, which may arise from future audits, will not be material to the financial statements.

The Museum has also entered into an employment agreement with a member of executive management. Per the terms of said employment agreement, the Museum may incur compensation liabilities if the employee is terminated without good cause during the term of the agreement.

Notes to Financial Statements

December 31, 2016 and 2015

#### (11) Fair Value Measurements

Fair value measurement standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted priced in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy under the standard are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Museum has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Ouoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds, corporate stocks: Valued at fair value by using quoted prices for identical securities. Limited partnership hedge funds: Valued at fair value by using discounted cash flow techniques.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Museum believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The hedge equity funds include investments in hedge funds that invest in both long and short primarily in U.S. common stocks. Management of the hedge funds has the ability to shift investments from value to growth strategies, from small to large capitalization stocks, and from a net long position to a net short position. The fair values of the investments in this class have been estimated using the net asset value per share of the investments. The redemptions of hedge equity fund investments are limited to 25% of an Investor's shares on a quarterly basis. The entire balance may be redeemed over 4 quarters with 90 days' advance notice.

<sup>(</sup>a) These investments are measured using net asset value (NAV) as a practical expedient. These investments have not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

As required by the standard, the following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3). Unrealized gains and/or losses are shown in the Statements of Activities as "net appreciation (depreciation) in investments".

#### (12) Endowment Net Assets

In accordance with the requirement established by the FASB, for endowment funds, the Museum shall provide information about the net assets of its endowment funds. The Museum's Board of Trustees (the Board) is of the belief they have a strong fiduciary duty to manage the assets of the Museum endowments in the most prudent manner possible. The Board recognizes the intent is to protect donor intent with respect to expenditures from endowments. If this intent is clearly expressed by the donor, whether the intent is in a written gift instrument or not, the intent of the donor is followed. If the intent is not expressed, the Board ensures the assets of the endowment are spent in a prudent manner which considers the purpose of the fund, current economic conditions, and preservation of the fund.

The investment goal is to ensure that the funds are invested for the exclusive benefit of the Museum in a prudent manner so that they will be available to meet the current and future needs of the Museum. It is the objective of this policy to generate long term growth coupled with sufficient income to support the current operating requirements of the Museum. An annual real total return (net of fees) of at least 5% measured over rolling five-year periods is expected. The goals and objectives of the Museum's investment policy are to 1) provide investment earnings adequate to fulfill the desires of donors as stated in the gift instruments, 2) achieve a total return adequate to fund the spending rate plus corpus growth to ensure future benefits to new generations, and 3) invest in a variety of diversified categories so that the diversity of the performance characteristics will reduce the volatility of returns from year to year.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Museum to retain as a fund of perpetual duration.
